CCA Policy Notes

CCA does not currently offer foreign language courses. However, language courses can be taken concurrently at other institutions.

Students can enroll at area colleges and apply credits to their CCA degree program in consultation with their advisor. Up to (6) foreign language units may be applied towards Humanities & Sciences (H&S) elective requirements. Also, (3) foreign language units may apply towards Writing and Literature Letters Seminars - inquire with the H&S Office.

Cross-Registration Units

CCA students are eligible to complete (12) Cross-registration Units through Mills College or Holy Names University with approval. Cross-registration units must be taken concurrently with enrollment of at least (12) CCA units. Cross-registration units are NOT transfer units; use Student Record's Cross-Registration Permit form.

Determine your eligibility to transfer in units by submitting a completed Continuing Student Transfer Credit Approval Request form to Student Records (SF: 80 Carolina or Oak: Macky Hall). If determined eligible, Student Records will forward your Continuing Student Transfer Credit Approval Request form to Dominick Tracy (dtracy@cca.edu), Assistant Director of Humanities & Sciences, to determine if the units can count toward your Humanities & Sciences electives.
