Additional Unsubsidized Direct Loan funds may be available to undergraduate students if a parent has been denied a Direct Parent PLUS Loan. Students may borrow up to the following amounts based on their grade level:

Freshman/Sophomore (0-59 units completed): \$4,000 per academic year
 Junior/Senior (60+ units completed): \$5,000 per academic year

Parents who have applied for the Direct Parent PLUS loan but have been denied by the Department of Education may still be able to receive a loan by appealing the credit decision with the Department of Education or by obtaining an eligible endorser (cosigner). **Complete this form only if your parent will not appeal the credit decision or seek an endorser to co-sign on the loan.**

My parent has applied for the Direct Parent PLUS loan for 2011-12, but does not meet the federal credit requirements. The Department of Education has denied the loan. My parent will not appeal the credit decision or seek an endorser for the Parent PLUS loan.

Please process my request for an additional Unsubsidized Direct Loan for the following amount.

Freshman/Sophomore: \$ _____ (amount requested up to \$4,000 for the academic year)

Junior/Senior: \$ _____ (amount requested up to \$5,000 for the academic year)

I understand that I must submit an award letter accepting these loans funds prior to disbursement. There may be additional requirements to complete after accepting my loan(s). I understand that loan amounts are subject to revision based on a change in my financial aid eligibility, including aggregate loan limits; receipt of financial assistance from outside sources; changes to my enrollment; and/or decreases in institutional, federal, or state funding.
